

TASK 4 · FIGMA DESIGN CONCEPT

NGO Website

Feature Highlights

A visual design concept presenting the 5 essential features every NGO website should have — created for InAmigos Foundation's digital presence.

01

ESSENTIAL FEATURE

Donation *Section*

The single most important feature of any NGO website. A clear, trustworthy, friction-free donation experience directly determines how many visitors convert into donors. It must be prominent, simple, and secure.

- **Preset Amount Buttons**

Show fixed amounts (₹200, ₹500, ₹1000) so donors don't have to think — one click and done. Reduces decision fatigue.

- **Custom Amount Field**

Always allow a manual entry for donors who want to give more. Flexibility increases total donation value.

- **Trust Signals**

Show 80G certification, secure payment badge, and NITI Aayog registration directly on the donation widget to remove hesitation.

- **One-Click Donate**

Connect directly to Razorpay or similar — the fewer steps, the higher the conversion rate.

Impact *Dashboard*

Numbers build trust. An impact dashboard shows donors exactly what their money achieves — turning abstract goodwill into concrete proof of change.

03

ESSENTIAL FEATURE

Volunteer *Registration*

A well-designed volunteer form removes all friction and makes joining feel exciting, not bureaucratic. It should capture the right information while communicating warmth and purpose.

- **Skill-Based Matching**

Let volunteers select their skills (content writing, design, coding, on-ground) so the foundation can match them to the right project automatically.

- **Location & Availability**

Capture city/state and time availability upfront — saves back-and-forth and helps coordinate field visits vs remote tasks.

- **Instant Confirmation**

Auto-email on submission with a welcome kit, InAmigos branding, and next steps — makes volunteers feel valued from day one.

ESSENTIAL FEATURE

Testimonials & *Impact Stories*

People trust people. Testimonials from volunteers and beneficiaries build emotional connection and credibility far more than any statistic. A real story from a real person is the most powerful piece of content on any NGO website.

My internship with InAmigos through Project Vikas taught me more about digital marketing in 3 weeks than my entire semester. The tasks were real, the feedback was genuine, and I left with a portfolio I'm proud of.

**Priya Sharma**

Marketing Intern · Project Vikas · Delhi

The Project SEVA food distribution camp changed how I see the world. I volunteered on a Saturday and by Sunday I had signed up for 3 more events. InAmigos makes giving feel effortless and joyful.

**Rahul Gupta**

On-Ground Volunteer · Project SEVA · Bilaspur

As a donor, I always worried whether my money was being used well. InAmigos sent me a photo report and a personal thank-you within 24 hours of donating. That transparency made me a recurring donor.

**Anita Mehta**

Monthly Donor · Pune

Raju's Story — Bachpanshala, Chhattisgarh

Raju, 9, had never attended school. Through Bachpanshala, he joined an InAmigos learning camp where volunteers taught him to read his first words in 6 weeks. Today he attends a government school full-time and wants to become a teacher. Stories like Raju's are why InAmigos exists.

Real Impact · Real People · #Bachpanshala

Active Campaigns

Campaign pages with fundraising goals and progress bars create urgency and show donors exactly what they're contributing to. They transform passive visitors into active participants in a specific mission.

ACTIVE

Feed 10,000 Families This Winter

Project SEVA's winter food drive — providing hot meals and grocery kits to homeless families across Chhattisgarh during December.

₹1,82,000 raised

Goal: ₹3,00,000

347 donors

Donate Now

ACTIVE

Plant 5,000 Trees — Prakriti Drive

A community tree plantation drive across 10 cities. Each ₹100 donated plants one tree and funds volunteer travel to the site.

₹2,40,000 raised

Goal: ₹5,00,000

512 donors

Join Campaign

URGENT

Stationery Kits for 500 Children

Bachpanshala needs notebooks, pencils, and bags for 500 children joining our learning camps in rural Chhattisgarh this semester.

₹54,000 raised

Goal: ₹75,000

189 donors

Help Now

Progress Bar

Visual progress bars create urgency — people want to push a campaign over the line.

Donor Count

Showing "347 donors" uses social proof — if others trust it, new visitors will too.

Specific Goal

Concrete goals (₹3,00,000 for 10,000 meals) feel real and achievable, not vague.

DESIGN SUMMARY

5 Features, *One Mission.*

Donation Section

- Preset + custom amounts
- Direct Razorpay link
- Trust badges (80G, ISO)
- Project-specific giving
- Mobile-first layout

Impact Dashboard

- Live beneficiary counter
- Per-project progress bars
- State coverage map
- Animated counting stats
- Year-wise milestones

Volunteer Form

- Skill-based matching
- Location + availability
- Project preference
- Auto-confirmation email
- Welcome kit on join

Testimonials

- Volunteer quotes + photos
- Star ratings
- Beneficiary stories
- Project-tagged reviews
- Video testimonials link

Campaigns

- Fundraising progress bar
- Donor count display
- Specific goal + deadline
- Urgent / Active tags
- Per-rupee impact label
